

AMÉLIORATION DU SITE CAC

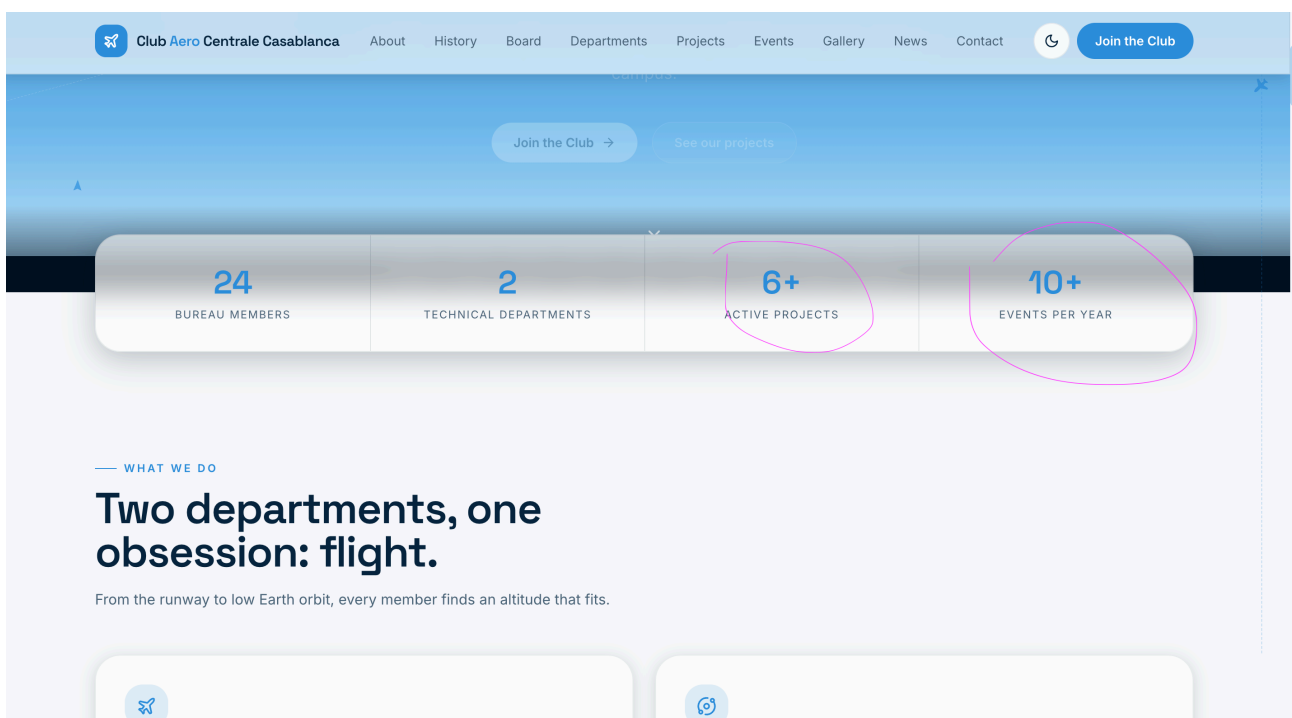

Vérifiez la possibilité de changer la photo (ciel bleu ciel matin/ciel bleu foncé étoilé nuit) en fonction du paramètre (jour/nuit).

Supprimer le paragraphe marqué en rouge.

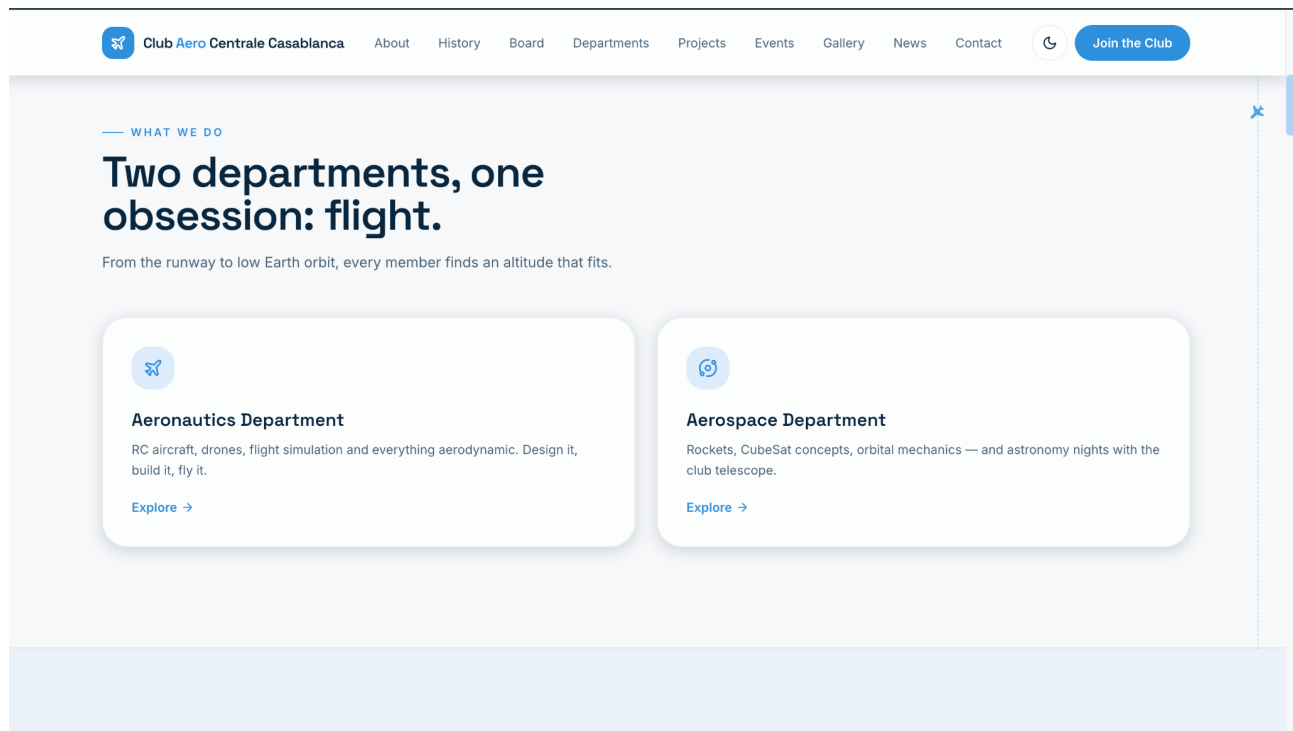

À chaque fois que vous voyez CACC, changez-le en CAC et « Club Aero Centrale Casablanca » en « Centrale Aero Club ».

Changer « 6+ active projects » par « 4+ projects planned » et « 10+ » par « 5+ ».

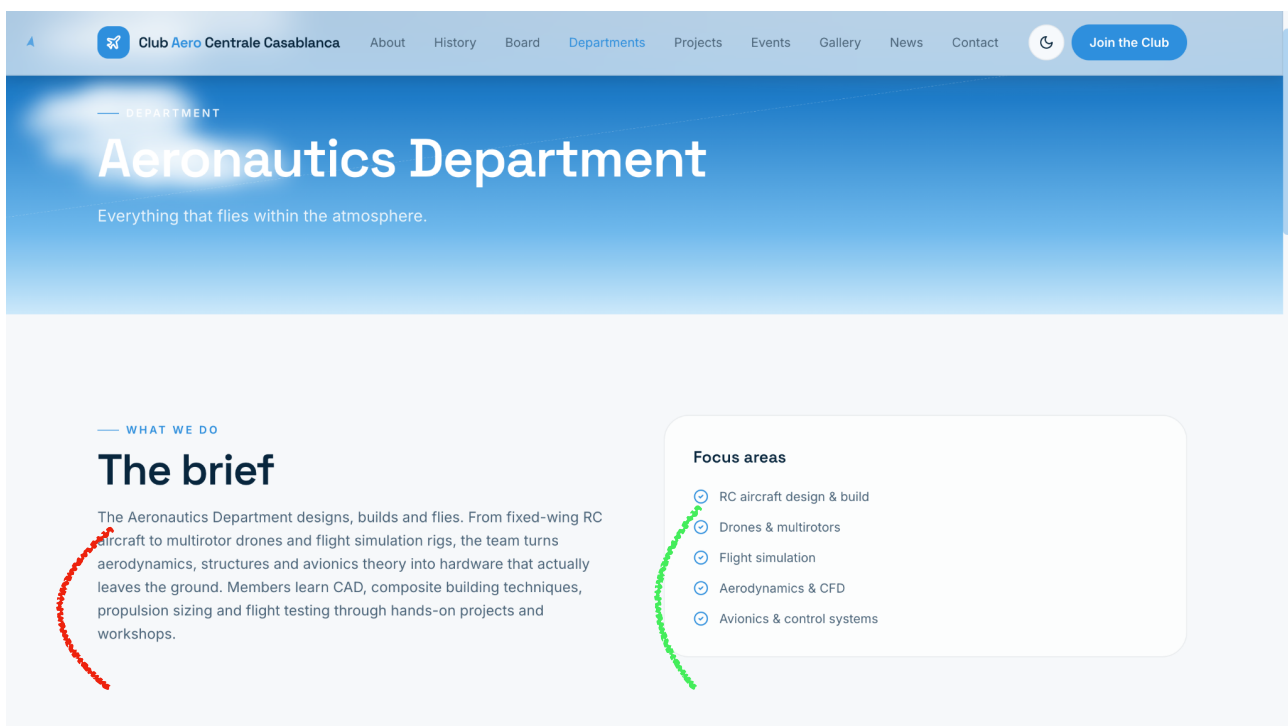

Changer « RC aircraft, drones, flight simulation and everything aerodynamic. Design it, build it, fly it » par « Discover aviation through interactive workshops, aviation games, documentaries and industry talks. »

Changer le paragraphe marqué en rouge par « The Aeronautics Department introduces students to aviation through accessible and engaging activities. Members discover aircraft design, aerodynamics, flight operations and aviation technologies through workshops, conferences, documentaries and interactive learning experiences. »

Changer la partie marquée en vert par :

- Aviation fundamentals
- Aircraft & flight principles
- Flight simulation
- Aviation history & innovation
- Interactive workshops & quizzes

Remplacer « What the Aeronautics team is building » par « Activities of the Aeronautics Department »

Remplacer les 3 cadres (marqués en vert) par :

Movie Night

Description: Join us for an evening dedicated to aviation through inspiring movies and documentaries, followed by an open discussion with club members.

Mettre bouton « details » et afficher :

Recommended Movies

-  **Sully (2016)**
The true story of Captain Chesley Sullenberger and the Miracle on the Hudson.
-  **One Six Right (2005)**
A documentary celebrating general aviation and the passion of flying.
-  **Living in the Age of Airplanes (2015)**
How aviation transformed the modern world.

Discussion Topics

- Decision making in aviation
- Aircraft safety
- Human factors
- Evolution of commercial aviation

Aviation Quiz Night

Description

A fun evening where members test their aviation knowledge.

Mettre bouton « details » et afficher :

Activities

- Kahoot Challenge
- Guess the Aircraft
- Aviation Trivia
- Airline Logo Quiz
- Airport Codes Challenge

Rewards

- Small aviation-themed gifts
- Certificates
- Club merchandise

Flight Simulation Session

Description

Discover the basics of flying using accessible simulators.

Mettre bouton « details » et afficher :

Software

- GeoFS
- FlightGear
- Microsoft Flight Simulator

Learn

- Basic controls
- Takeoff
- Landing
- Navigation
- Airport procedures

Aeronautics Workshop

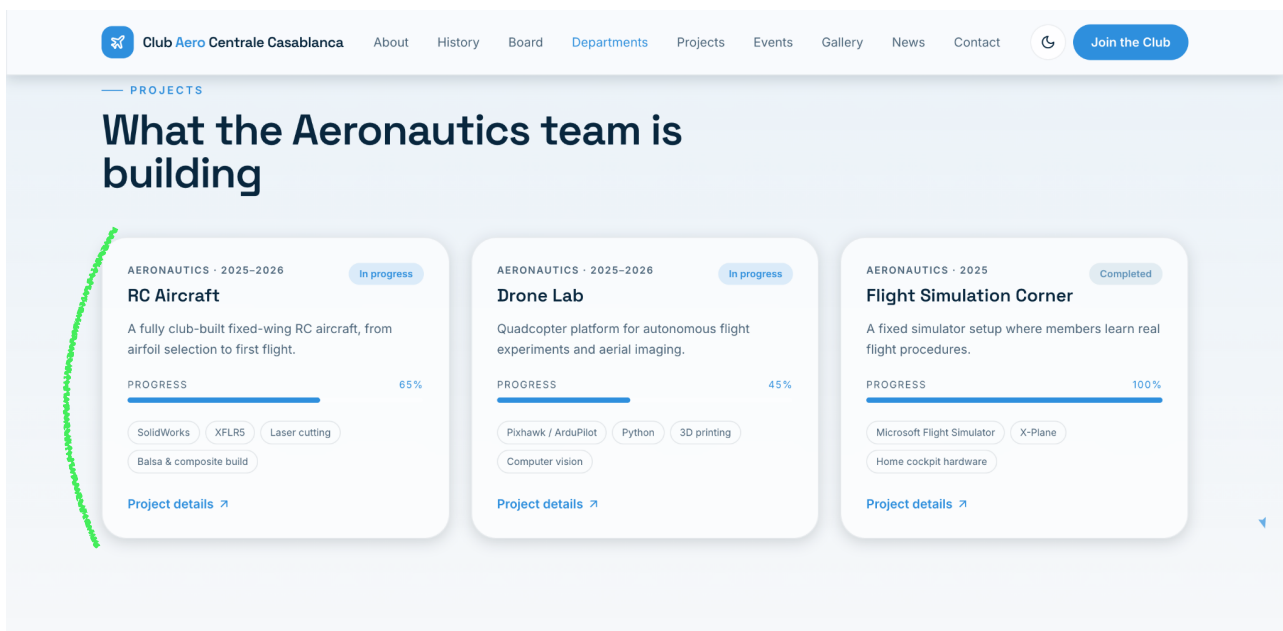

Description

Hands-on workshops introducing fundamental aeronautical concepts.

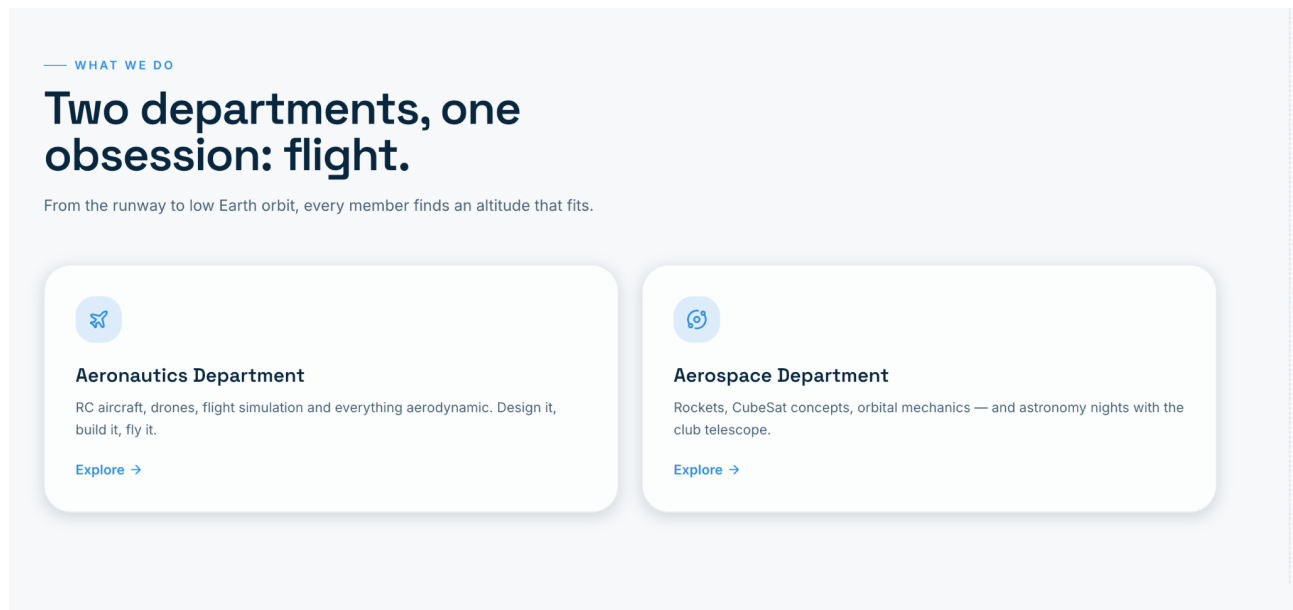

Mettre bouton « details » et afficher :

Topics

- Principles of Flight
- Aircraft Components
- Aerodynamics Basics
- Paper Aircraft Design
- Introduction to CAD (optional)

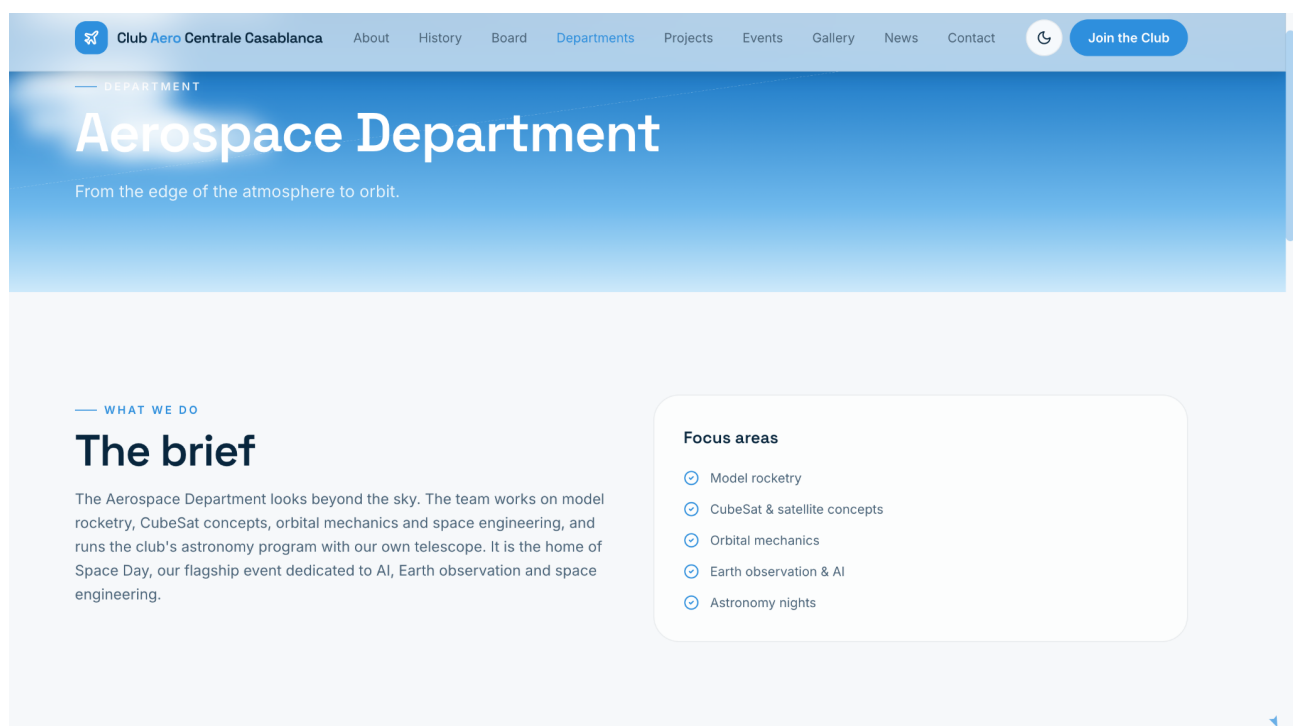

Remplacer « Rockets, CubeSat concepts, orbital mechanics... » par « Explore astronomy and space through stargazing nights, documentaries, interactive workshops and inspiring conferences. »

Remplacer « The team works on model rocketry, CubeSat concepts... » par « The Aerospace Department introduces students to astronomy and space exploration through observation nights with the club telescope, Space Day, conferences, documentaries, educational games and interactive workshops. Members discover space science in an accessible and engaging way while sharing their passion for the universe. »

Mettre dans **Focus Areas** :

Astronomy & Stargazing
Telescope Observation
Space Exploration
Space Technologies
Space Movies & Conferences

Remplacer « What the Aerospace team is building » par « Activities of the Aerospace Department »
Remplacer les 2 cadres (marqués en vert) par :

Description: Join the club for unforgettable nights under the stars using Centrale Aero's telescope.

Mettre bouton « details » et afficher :

What can we observe?

- 🌕 The Moon
- 🪐 Saturn
- 🪐 Jupiter
- ★ Star clusters
- 🌌 Nebulae (depending on the season)
- 🌠 Meteor showers

Equipment

- Club telescope
- Sky map apps
- Laser pointer
- Binoculars (optional)

Learn about

- Constellations
- Planetary observation
- Deep-sky objects
- Night sky navigation

Space Movie Night

Description: Discover the wonders of space through iconic movies and documentaries, followed by engaging discussions about astronomy, space exploration, and future technologies.

Mettre bouton « details » et afficher :

Recommended Movies

(directement issu du document)

- 🚀 Dune
- ★ Guardians of the Galaxy
- 🌍 Long Distance
- ✂️ Rogue One
- 🤖 Atlas

Puis

Discussion Topics

- Space exploration
- Future technologies
- Human survival in space
- AI in space missions
- Astronomy concepts

Space Games

Description: Learn while having fun with interactive space-themed games, quizzes, challenges, and simulations designed to explore astronomy and space exploration in an engaging way.

Mettre bouton « details » et afficher :

Games

- Oolite Starter
- Strike Suit Zero
- Star Conflict
- Space Engine

Puis

Club Activities

- Space Quiz
- Kahoot
- Guess the Planet
- Space Trivia
- Team Challenges
